ABOUT

MULTINATIONAL

Krush Grinders is a global leader in cannabis accessories, supplying Europe, North America, and Oceania. From our Canadian foundation, we've built an international network, now featured in over 500 European retail stores.

We partner with top cannabis companies through a collaborative distribution model, delivering premium products with full REACH compliance. Every batch undergoes rigorous testing, supported by a proprietary track-and-trace system for total transparency and quality assurance.

With local reps and integrated marketing support, Krush Grinders offers world-class products with no compromises on design, performance, or regulatory standards.

2.0 XL

INNOVATIVE INTELLECTUAL PROPERTY

Krush Grinders currently holds several issued patents and intellectual property design and function of its cannabis grinders. Additionally, our company holds community designs for the European Union as our footprint abroad is taking shape we want to ensure protection.

BUILT ON QUALITY & INNOVATION

Developing a cannabis grinder that exudes style and modern functionality, the Krush line of grinders reinvented the wheel by making the form factor square.

PARTNERSHIPS

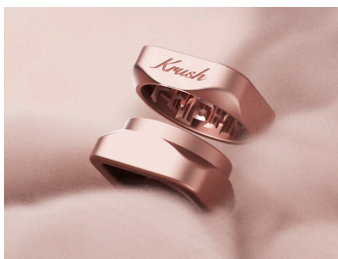

Krush Grinders values partnerships with cannabis companies and brands. We are always welcoming new cannabis companies and brands with options to further they're selling reach.

Our company has the resources to supply the missing link to your product selection. With a proven track record for success, the krush line of products will take your to store to the next level.
